Appropriation Bill Bemocratic Senball to Agree on a Plan to Extion! Note on Railway Bill.

in. May 19. - As the result ilway bill is displaced and wiit up for consideration until This action was taken in of the naval appropriasession to-morrow. The day has been previously the observance of memorial I respect to the late Repre-Missouri. There was obdisplacement of the railway ..vercome after a statement liale that all of next week will exclusively to the railway The Senator from Maine ex to hope that after a solid week

ssage of the bill ession of the Senate to-day was d almost entirely by Senator n of rates, which requires apby the Interstate Commerce Section of all increases in rates before of the general strength of the market to and Grant of the general strength of the market to these reports. shall attendance of Senators, at one time the Democrat being on the minority the call of the roll for the purpose of braining a quorum. A number of Demo-Cummins in speaking of the absence of Senators from the chamber said he did not care about it. He declared that his remarks were for the benefit of the people of the country.

in the course of the day there was a peraction that would be acceptable to Sena-Aldrich and his colleagues among the egular Republicans. The beginning of ese negotiations was the appointment of committee of five to formulate a plan. senator Money, chairman of a Demoratio caucus, named this committee: enators Shively of Indiana, Stone of Missouri, Bacon of Georgia. Martin of ginia and Hughes of Colorado. Sena-Bacon promptly declined to serve and average that.

Later in the day Senator Aldrich and senator Johnston of Alabama prepared a sgreement under the terms of which he Republican leaders conceded to the heriografic Senators the elimination of sections 13, 14 and 15 relating to issues of the color and honds and agreed to recent and bonds and agreed to accept an amendment offered yesterday by Sena-for Simmons of North Carolina relating transportation. Senator John circulated this agreement on the restic colleagues to sign it, with the under-standing that they were to consent to fix a date in the near future when a vote casto be had on the bill and all pending amendments and they were to furnish the necessary votes to table all amend-toests not comprehended in the agree-ment. There was an implied understand-ing that Senators were to have expressiat Senators were to have an oppor-to vote on the pending statehood

nator Johnston was met with refusals from tearly every Democratic Senator that he approached and gave up after getting only two signatures. Senator Smith of South Carolina was very emphatic in his refusal to sign the agreement and declared that it was in very bad taste. Discouraged by the failure of his efforts a conclusion of the senator Jonator to the senator Jonator Jonator Language Senator Jonator Jonator Language Senator Jonator Jonator Language Senator L conciliation Senator Johnston returned e paper to Senator Aldrich and reported at his mission had been a failure. Early in the session to-day the insur-

tents made a clever move which gave them a parliamentary advantage. Senator idrich announced yesterday that he uid offer a substitute to Senator mins's amendment. Such a motion and have brought a vote on Senator ldrich's substitute, which apparently ould carry and prevent the d carry and prevent a test vote on Senator Cummins's a test vote on Senator Cummins's andment. Realizing his disadvantage his Senator Cummins to-day withdrew his amendment, whereupon Senator Bristow of Kansas proposed "a dummy" amend-ment and Senator Cummins immediately onewed his amendment as a substitute the Bristow amendment. The effect fithis move will be to compel a vote on Cummins's amendment as the question, to which no other ending question, to which no other meadment would be in order. Senator La Follette is billed for a long

pench early next week, either Monday or nextay, in which he will explain his mendment authorizing physical valuaof railway property and a number of

#### PIPE GALLERIES IN SUBWAYS. Public Service Board Wants the Board of Estimate to Act of Once.

Public Service Commission vesterday put it up squarely to the Board of attende to determine whether or not the subways shall have pipe galleries. present plans provide for such gales, but the Board of Estimate has rerred them back to the commission for otther study "as to the engineering egal questions which are involved. do this would mean, according to ter sent to the Board of Estimate rday, either the advertising of the without making preparation for calleries or a long delay. One paraof the letter reads:

> ommission does not believe that struction of the tri-borough route indefinitely postponed or even the several months that would be to carry out the recommendaour committee of engineers. The - advertised without immediate ans should be followed with such as may be found desirable while the shop drawings are of this commission, is, therefore, sent plans for pipe galleries duded in the request for bids or for pipe galleries omitted.

#### GOSSIP OF WALL STREET.

BULE ONLY FOR THE REMAINDER the gains were made on very small transactions. The market was duller than any of its dull predecessors, but it was stronger uniformity same was there any pressure of stocks for the Court said: alt: 'n none was there an opportunity accumulation without bidding up prices. nent in the Senate this after. Brokers after the close still complained of poor business, but many of them took solace than on any other day since apathy over-

London did next to nothing. The market will be closed there to-day on account of the King's funeral, and here the Stock Exchange, the Coffee Exchange, the Marise why the purchaser should be required to pay \$10,000,000 or anything other than to pay \$10,000,000 or anything other than any should be required to pay \$10,000,000 or anything other than the agrees to take respect to the late Repre-man of Washington and time Exchange, the Consolidated and the mainder of the present week, notice day, and closing might have brought notice day, and closing might have brought about legal complications. The Produce Exchange and the Chicago Board of Trude will open at 11 o'clock. The loan market for stocks and bonds on the Stock Exchange will open as usual at 11 o'clock.

In the late afternoon it was reported that the negotiations for listing Steel combination.

( decussion Senators would be willing sout to an agreement for a vote for that the negotiations for listing Steel common shares in Paris contemplated the listing of 200,000 shares on the Bourse. Local bankers who might be supposed to have knowledge of the transactions refused to is of lowa, who spoke in behalf discuss it. Other bankers said they had adment to section 9 for the advices from Paris to the general effect that negotiations were in progress, with more than a fair prospect of success.

In Wall Street more eyes are turned sele of the chamber. On six different toward Paris than toward the comet. The rusions insurgent Senators demanded market turned suddenly when two weeks ago it became known that very important negotiations for the sale of bonds in Paris eratic Senators made it plain that they checked the market has been doing little were under way. After the rally was are tired of discussion of the railway bill more than marking time, and a great by remaining in the cloak rooms save when many people consider that it is awaiting they appeared to answer the roll calls, definite news of the completion of the negotiations before moving sharply in either direction. Many do not care to hold stocks for fear that the negotiations may fail, and are deterred from selling for fear that they may succeed. All current reports are to the negotiations for the sale of any one of the eratic Senators to agree on some form of to the arrangements of details, which may The commission on August 11 last of always be expected in transactions of this kind in Paris.

A Chicago despatch reported President A Chicago despatch reported President Ripley of the Atchison as saying that the territory tributary to the road promises an all around average crop. "Our gross carnings," he said, "maintain increases, and net shows some improvement. The company will finish 500 miles of new road in Texas this year. Our wheat crop will be in Texas this year. Our wheat crop will be 70 per cent. and all crops combined should

As had been anticipated there was no quorum at the meeting of the Chesapeake and Ohio board, many of the officers having the commission expressed on the former been summoned to Columbus to testify in the Hocking Valley Stigation. OBJECTS TO MET. DECREE.

The strength of all the important stocks Judge Lacombe Says Purchasers Under Second Mortgage Could Burn the First.

When Bronson Winthrop, counsel for of its dull prodecessors, but it was stronger the Morton Trust Company, submitted than any of these previous dull markets to Jurige Lacombe of the United States This tetion Taken to Dispose of the Navat and the strength was distributed with fair Circuit Court yesterday a draft of a pro-All of the standard rails and posed decree of foreclosure and sale of industrials profited from it. In no one the Metropolitan Street Railway property.

"This decree would allow those interested in the reorganization scheme, if all were in accord, to get the property covered from the circumstance that the market by the two mortgages without even pay-showed more indications of a definite trend ing the \$10,000,000 upset price fixed in the by the two mortgages without even pay-Guaranty Trust first mortgage decree by not bidding when the property covered

however, and the users. Lacombe told the time being. Judge Lacombe told Benjamin S. Catchings, who represents the holders of accident judgments, and the lawyers representing the contract creditors to submit by Saturday suggestions for changes in the draft. By that time he said he would prepare the Court's decree.

The contract creditors will propose that onds of the Twenty-third street line for 0.000 and of the Forty-second street and Grand street ferry lines for \$26,000, now in the possession of the receivers, shall not be auctioned off, nor property acquired by the Metropolitan company

since 1902. The Guaranty Trust mortgage of 1898 was for \$12,500,000 and the Morton Trust mortgage of 1902 was for \$16,000,000

## TO MORTGAGE ITS PROPERTIES.

Central New England Asks for Authority to Issue \$25,000,000 Mortgage.

ALBANY, May 19. The Central New England Railway Company has applied to the up-State Public Service Commission for authority to issue a mortgage on its effect that there has been no hitch to the properties for \$25,000,000 and to issue had closed a determined drive was made immediately \$12,419,900 bonds under such at the position here and prices receded,

The commission on August 11 last denied

the application of the New York, New Haven and Hartford Railroad for a refinancing of the Central New England Railroad companies, could not be refunded as of right. It was also held that the company could not issue bonds to refund unpaid interest. The Central New England Rail

#### Engineers Here to See How the United States Utilizes It.

boards in the last year, have decided to pay dividends hanceforth in quarterly rather dividends hanceforth. The first Finance, a commission consisting of Prof. Wekerle, the Royal Hungarian Minister of lege of Mines at Schemnitz and Francis Vnutsko and Francis Boehm, consulting engineers on mining, have arrived at the Depew and Malby Oppose Bill Limiting Hotel Prince George to make a study of natural gas production in the United States.

> The visit of the commission is the result ment engineers were boring in the region. looking for salt. Nothing saline turned up, but out of the borings poured natural gas in such quantities as to cause considerable excitement among the engineers who realized the great commercial value

"No use was been made of the discovery day. "One reason is that it is in a part of any kind in operation. The region is a low one, and the nearest large city i-Kolozsvár, the largest city in Transylsug-diffed covernment, which is about thirty miles away. This is in the southeastern part of Hungary, about 280 miles from Budapest.

Not many borings have been made. "Not many borings have been made. Our task in the first instance is to see how boring for natural gas is done in the United States. We expect to be in this country two months, going from here to Washington on Saturday and thence to Pittsburg, Indianapolis, Kansas City and Texas, coming back by way of Pittsburg, Cleveland and Buffalo.

Our task in the first firstance is to see how bording from attributed points from the city of the three of the whole the print of the interest of the three of the city of the

week, though the advance was not rapid

After frequent sharp fluctuations prices osed at a small advance on bull support, n house buying and covering of For a time the strength of Liverool prices offset early in the day the more favorable crop news from the South, notably from Texas, and the market here advanced. But later on when the Liverpool market especially on the old crop. Further bene-ficial rains occurred in Texas, Louisiana, Mississippi, Alabama and Oklahoma. Texas reports are to the effect that the crop in that State looks good after the rains, though the plant is small. Further showers were dieted for eastern Texas, Arkansas and Oklahoma. The local certificated stock increased 3,600 bales. Large spot interests were heavy sellers. At Alexandria, Egypt, prices dropped 63 points. Bears argue that there is little likelihood of prices advancing the weather continues favorable, as they consider it to be at present, with beneficial rains and warm temperatures. At a meeting of Southern varn spinners at Charlotte, C., it was decided to further curtail the production and not to take fall orders for The South sold new crop entlis. Stop orders were caught. There was less pressure to cover in the old crop

markets were dull and in some cases 5, to sharply. The Liverpool advices were bullish. Some thought they were remarkably bullish. The spot and call business there reached 11,000 bales, and Liverpool during on was a good buyer of July and here Futures in the English advanced. Despatches from that

han there was last week. Southern spot

August here. Futures in the English market advanced. Despatches from that market stated that spinners are expected to buy largely next week, that a builtab fune bureau report is looked for and that everybody is bullish. It is pointed out that the stock of American cotton in Liverpool is only 549,000 bales and that the average consumption per week is 70,000 bales in the English market will last less than sight weeks, that is only until the middle of July, and no liberal supply of cotton can be expected there before October 15. Also is pointed out that the difference between imprion per week is 70,000 bales ich means that the present stock glish market will last less than is, that is only until the middle and no liberal supply of cotton can defer before October 15. Also do not that the difference between ser and October-November in is now 85 points, which means able basis exists here, whereas ir months the two markets have mally close together for some When the supplemental white particular and barley nominal. THE GRAIN MARKETS.

Wheat Beclines, Then Railies-Selling on

Corn and dats Easler.

Better Weather and Crop News, Fol-

lowed by Bull Support and Covering

Wheat was dull within narrow limits,

closing irregular. Early in the day the drift of prices was dewnward. Liverpool fell

to 1%d. on the weather in this country. Further beneficial rains fell over the spring

wheat country and temperatures there were generally higher, though at a few

points in Canada light snows were reported.

Kansas, where they were of undoubted

state that harvesting will commence in

for increased yields. The crop news from

Kansas was the best for some time pest

Special reports from that State to one house

indicated a yield in some sections fully twice as large as the previous crop. The

receipts were again large. The spring wheat arrivals amounted to 472,329 bush.

and the winter to 61,850, making a total of

The Price Current's report indicated a

534,200 bush., against 279,465 last year.

betterment in the crop situation within a

With the cash demand light, with the re-

ceipts large and indications that harvesting

will commence at an early date many find

it difficult to believe that anything except manipulation of the most aggressive kind

can prevent prices from ultimately seeking a lower level. Armour, Clement, Shearson,

night, Rosenbaum and Harris were seller

Later came a rally. Not a few bullish reports were received from the Southwest

nsisting that insect damage is serious and

increasing, and shorts covered. Prominent

'urrest says there are further complaints

of fly in Indiana and Illinois. Private re-ports from those States were to the same effect and similar advices came from Ohio and Missouri as well as some other sections. Colder weather was predicted for most

States, with a temperature nearing freezing in North Dakota. Ploughing up was still said to be in progress in parts of the Southwest and the Ohio Valley. The stock at Minneapolis has decreased 275,000 bush, in five days. The Argentine shipments for the week were estimated at 1,200,000 bush, against 1,312,000 last week and 1,360,000 last year.

year.

James Patten is here and is a bull on wheat. He believes that the winter wheat erop is 50,000,000 bush, perhaps 100,000,000 bush less than the last one.

THE COUN SITUATION.

There was no trading in corn here. At the West prices declined on the improved weather and crop news, a dull and easier cash market, bearish pressure and liquidation. Bartlett, Logan and Wrenn were sellers. Increased selling of the actual cogn by farmers was reported. Primary receipts were small, however, at 148,510 bush, against 322,254 last year. The weather in Argentina was reported too wet and cold for harvesting. The shipments from that country for the week were estimated at 400,000 bush, against 365,000 last week and 3,251,600 last year.

THE OATS PEATURES.

Oats at the West declined owing to better weather and crop accounts, depression in cors, weakness on the spot and liquidation. Favorable crop reports were received from Texas and Oklahoma.
